

Massachusetts Climate Careers Fund

Get a 0% interest loan to start or stay on track with training; repay when you land a good-paying job

ABOUT THE PROGRAM

Pursuing a new career or the next stage of your career can be challenging. You might be wondering how you'll manage taking time off from your current job to enroll in training, or how you'll cover fees, tools, and other costs while you're in training.

The Massachusetts Climate Careers Fund is designed to help new students and those looking to upskill complete training programs that lead to well-paying, in-demand climate careers. This program offers 0% interest loans to cover unmet training related costs such as outstanding tuition, fees and living expenses. Once you are earning at least \$47,000 annually, you'll repay the loan and help fund future learners.

HOW IT WORKS

Receive loan for training & living costs

Work in an in-demand, good paying climate role

Repay your loan in fixed monthly payments once you earn \$47K annually
